

Spring Breakation 4 year-olds

Spring Breakation

March 13th - 17th

Spend your holiday at the museum!

Discovery Workshops 4 year-olds

Monday thru Thursday

Especially designed for 4 year-olds (or young 5's), children explore new topics each day presenting hands-on activities to excite and develop a young child's imagination through dramatic play, squishing, sorting, mixing, swirling, collecting or building. Class meets Monday through Thursday only.

Monday: Hats Off to Dr. Seuss

Celebrate the wacky and magical imagination of Dr. Seuss, whose literary influence has captivated the attention of young children to discover rhyming concepts, alliteration, vocabulary, counting and color. Children will enjoy the company of delightful characters through various popular books, while building vocabulary and discovering some simple life lessons through art curriculum and hands-on activities. Oh, the places they'll go.....

Tuesday: To Infinity and Beyond

Become the amateur astronomer while pretending to travel to the depths of the universe discovering exciting facts about our solar system and creating your own space jet pack and other creations.

Wednesday: Crazy About Critters

Filled with stories, crafts and special guest presenters sharing their furry, feathered and scaly animal friends, this class builds self-confidence and fulfills the natural curious nature of children, while discovering some of nature's "craziest critters!"

Thursday: A Box of Ideas

The creative ideas are endless....if you give a child a box. Our curriculum embraces the creative process using simple cardboard boxes to create individual vehicles for imaginative travel and play.
