

# Spring Breakation 5/6 and 7/8 year-olds

## Creative Workshops 5/6 and 7/8 year-olds

Monday thru Friday

Intended for children 5-8 years-old, these workshops are designed as an artistic exploration to provide triggers for creativity using various creative disciplines, to introduce and immerse in cultural discoveries and to experience basic construction and scientific reinforcement while creating opportunities in a safe and nurturing environment for positive social interactions. Classes meets Monday through Friday.

## ARTrageous Workshop

Creating a new project every day using various mediums, such as watercolor, acrylic painting, printmaking, clay and mixed media collage, the young artist with a serious love for art will journey through an introduction of various artists in a high-energy, interactive hands-on metropolis of art and culture to create "artful" experiences.

## Got Science?????

Our diverse curriculum explores some physical and chemical properties of different elements, compounds and mixtures, as well as venturing into topics like force and motion constructing rockets, hands on critter investigations and observations and more. Different areas of science from natural science to social sciences are explored. Brace yourself as we inspire exploration and discovery!!!

## LEGO® Frenzy Meets Righteous Robotiks

Using creative thinking and problem solving abilities, children design and build models with LEGO® pieces and kits to satisfy a specific purpose while exploring basic construction concepts, simple machines and how gears work. Curriculum is designed to develop skills in science, simple technology, engineering and mathematics. Robotiks is Righteous!!!!
