

2017 at the Museum

Our Mission

To create opportunities that educate, empower, and excite children and families through play while inspiring a lifelong sense of wonder and discovery.

At The Woodlands Children's Museum, we pride ourselves in creating an environment where children of all cultures and backgrounds can explore in a fun and interactive community. By providing a safe and diverse setting, we create an opportunity for every child to be educated, empowered, and excited. It is our hope that our visitors and partners honor this global environment, free from discrimination of any kind. We are excited to join with all families in expanding the imagination and education of each and every child.
