

# Early Childhood Explorations 2 & 3 year-olds

**Classes meet once a week with grown-up participation required. Fee includes 1 child and 1 adult. Please register in child's name.**

Discovering new ways of playing and learning together, Early Childhood Explorations provides a magical classroom-type atmosphere between grown-up and toddler that introduces toddlers to basic social skills while receiving preparation and enrichment for pre-school. Toddler and grown-up delight in theme-based participation activities such as art, movement or motor development skills, all serving as tools to stimulate brain and language development, listening and social skills, as well as strengthening fine motor coordination and spatial awareness.

**Playful class size is limited, so please sign up early.**

## Little Picassos

meets WEDNESDAYS Ages 2-3 year-olds

Twos and threes explore art as a learning experience and are more interested in "doing" art than making finished products. During the "process", twos and threes discover their own independence, as well as delighting in the joy of exploring and creating. Using a variety of mediums to create mini masterpieces and stimulate artistic imaginations, toddler and grown-up share the "process" of art as a stimulus to engage discovery and becoming familiar with various art mediums, such as painting, collage, fiber art and building with clay while squishing, mixing, tearing and swirling. Leave the "messy" with us, but painting clothes are recommended.

## Happy Feet

meets THURSDAYS Ages 2-3 year-olds

Designed to be a fun, first-time exposure to dance and movement, young dancers will explore motor skills such as hopping, jumping and skipping while discovering the basic positions of the body and dance terminology. Children develop and strengthen communication skills through movement and experiment with spatial awareness, rhythm and coordination, all set to entertaining music.

**Attire: Dance tights and leotard, dance pants and a t-shirt or any appropriate exercise clothing. Ballet shoes are suggested.**
