WORKSHOPS

281-465-0955 Email inquiries to workshops@woodlandschildrensmuseum.org
4775 W. Panther Creek Drive #280 The Woodlands, TX 77381
A 501(c)3 non-profit organization.

Early Childhood Explorations 2 & 3 year-olds

Classes meet once a week with grown-up participation required. Fee includes 1 child and 1 adult. Please register in child's name.

Discovering new ways of playing and learning together, Early Childhood Explorations provides a magical classroom-type atmosphere between grown-up and toddler that introduces toddlers to basic social skills while receiving preparation and enrichment for pre-school. Toddler and grown-up delight in theme-based participation activities such as art, movement or motor development skills, all serving as tools to stimulate brain and language development, listening and social skills, as well as strengthening fine motor coordination and spatial awareness. Playful class size is limited, so please sign up early.

Little Picassos

meets WEDNESDAYS Ages 2-3 year-olds

Twos and threes explore art as a learning experience and are more interested in "doing" art than making finished products. During the "process", twos and threes discover their own independence, as well as delighting in the joy of exploring and creating. Using a variety of mediums to create mini masterpieces and stimulate artistic imaginations, toddler and grown-up share the "process" of art as a stimulus to engage discovery and becoming familiar with various art mediums, such as painting, collage, fiber art and building with clay while squishing, mixing, tearing and swirling. Leave the "messy" with us, but painting clothes are recommended.

2 year-olds
WEDNESDAYS
9:30am-10:00am

Dates

9/8-9/29 [ENROLL](#)

10/6-11/3* [ENROLL](#)

Happy Feet

meets THURSDAYS Ages 2-3 year-olds

Designed to be a fun, first-time exposure to dance and movement, young dancers will explore motor skills such as hopping, jumping and skipping while discovering the basic positions of the body and dance terminology. Children develop and strengthen communication skills through movement and experiment with spatial awareness, rhythm and coordination, all set to entertaining music. Attire: Dance tights and leotard, dance pants and a t-shirt or any appropriate exercise clothing. Ballet shoes are suggested.

Wonderseum for 4 year-olds

Early learning environment just for 4 year-olds.

Two-day and Three-day programs

Students must be potty trained and be 4 years old by the start of the semester.
Wonderseum is not designed for drop-in attendance.

Wonderseum provides a secure environment for discovery and learning through play, while supporting our philosophy that play comes first.

Recognizing that 4 year-olds need social interaction and cognitive development, our program is offered 2 or 3 days a week with a class size of only 10 students, allowing our educators to have an abundance of time to engage with students.

Guided explorations, encouraging a discovery of culture through the arts, expanding language, early literacy, science, math and circle drumming, are all determined and planned to create global awareness, reading readiness and comprehension, and number recognition and association, while refining children's fine motor skills.

With a Reggio Emilia inspired environment located inside the museum, children are presented with projects that enhance their fine motor skills and self-expression, while preparing them with kindergarten readiness skills.

Wonderseum for 4 year-olds

Children experience the joy of music through singing, dancing and moving expressively to a variety of music genres, discovering different cultures through their music, and exploring rhythm and rhyme—all of which promote the development of essential skills, including listening, vocabulary- building, social-emotional, and motor.

Please send a packed lunch AND snack with your child since the children will be eating lunch to introduce them to the new schedule they will experience upon entering Kindergarten.

Three Day Program

August 25th through December 17th

Meets

Monday, Wednesday and Friday

9am-Noon

Member \$1485 (\$372 monthly)

Non-Member \$1530 (\$383 monthly)

No class 9/6 for Labor Day,
10/29 for SpookTacular event and
Thanksgiving week 11/22-11/26.

[CLICK TO ENROLL](#)

Two Day Program

August 26th through December 16th

Meets

Tuesday and Thursday

9am-Noon

Member \$990 (\$248 monthly)

Non-Member \$1020 (\$255 monthly)

No class 10/28 for SpookTacular
event and Thanksgiving
week 11/22-11/26.

[CLICK TO ENROLL](#)

Class size is limited to 10 children. Tuition may be paid in 4 equal monthly payments. A \$50 non-refundable curriculum, materials and supply fee is due at the time of registration. \$25 discount applied to pre-paid semester. Museum refund policy applies.

The Woodlands Children's Museum has provided great effort in creating this program to be convenient and affordable.

Creative Workshops 4/5 and 6-8 year-olds

Scientifically ARTrageous

meets **TUESDAYS** Ages **6-8 year-olds**

Combining the curiosity of science and the beauty of art, children will embrace an exciting opportunity to discover basic concepts of science through art experiences. Knowing that children love to explore, experiment and discover, the focus is to build on this natural curiosity while combining the beauty of art and the fascination of science. Children will share this journey discovering and exploring the combination of art processes with science hypothesis and outcomes.

6-8 year-olds

TUESDAYS

9:00am-11:00am

Dates

9/7-10/12 **ENROLL**

10/19-12/7* **ENROLL**

*No classes 10/26 and 11/23

Member \$99

Non-Member \$119

Got Science?

meets **TUESDAYS** Ages **4 & 5 year-olds**

Curriculum is chosen to create a journey through the science spectrum of biology, chemistry, human anatomy, space and physics, while exploring physical and chemical properties of different elements, compounds and mixtures. Young scientists performing different slimy, fizzy and gooey experiments, discover answers to science questions like "Why does the moon keep following me?" while exploring our solar system, touching base with a few insects, dinosaurs and mammals and discovering all about "you." This workshop is scheduled for two six-week sessions with new curriculum each six-week session.

4 & 5 year-olds

TUESDAYS

9:00am-11:00am

Second Saturday Workshops 5-8 year-olds

\$12 for 2

Just TWELVE dollars for TWO hours

presents a fast-paced, fun-packed Saturday morning experience.
Come join us for artful experiences that are surely to start the day out right.
Dwell in the possibilities...

Clay Play Saturday September 11th 10:00am-Noon ENROLL

Explore professional quality air-dry clay, building coil pots and pinch pots. Adding embellishments such as straw and small colorful objects creates results to be cherished for many years to come.

All Hallow's Eve Saturday October 9th 10:00am-Noon ENROLL

Children explore a Celtic influence on Halloween festivities creating assorted art projects reflecting various art mediums.

FallTivities Saturday November 13th 10:00am-Noon ENROLL

Experience various tactile activities such as printmaking with corn husks, pumpkin printing, creating an artistic Thanksgiving snack, and discovering different ways to make pumpkins or turkeys.

Online registration is required by the Thursday prior to the workshop.

Winter FUNcation Ages 4, 5/6 and 7/8

meets Mondays, Tuesdays or Wednesdays 9:00am-Noon

Allow the museum's little elves to host your children in a festive winter holiday workshop. Children create and embellish individual projects (different for each day) that they can use to give as gifts or keep in the family as part of family treasures. Special storybook time accompanied by an art project, an exciting scavenger hunt and special puppet show each day are sure to delight children during this holiday season. Our workshop is complete with cookies and milk. Please send a packed lunch for your child.

RobotiKs 5 to 6 year-olds Great for homeschool enthusiasts.

LEGO® Frenzy Meets Righteous Robotiks

meets WEDNESDAYS Ages 5-6 year-olds

Aspiring engineers are introduced to the WeDo™ kits from LEGO® Education, building LEGO® models featuring working motors and sensors then programming their robot models to solve problems and create innovative projects. Children explore advanced concepts of building, such as balance within structures, ways of building structures and stability by building different models to help strengthen design development and problem-solving skills. While discovering energy, buoyancy and balance, children explore pulleys, levers, gears, wheels and axles by building simple models with LEGO® robotics pieces to satisfy a specific purpose, while exploring basic construction concepts, simple machines and how gears work. Curriculum is designed to develop skills in science, technology, engineering and mathematics. Righteous!!!!

Wednesday MORNINGS

Educate, Empower, Excite

We believe, that in the life of a young child, it is the process that is more important than the product. The process of experimenting with various materials, the exploration of different techniques and the discovery of how it all comes together nurtures positive self-esteem and self-confidence, while providing a more well-rounded experience.

RobotiKs 7-10 year-olds Great for homeschool enthusiasts.

E.A.R.L.Y. Robotics Meets EV3

(Engineering and Robotics Learned Young)

meets THURSDAYS Ages 7-10 years-old

Combining the well-known E.A.R.L.Y. Robotics program, created by NASA, that introduces 7 to 10 year-old boys and girls to engineering, with the new and expanded LEGO® MINDSTORMS® Education EV3 cross-curricular STEM curriculum, is certain to provide a hands-on solution that develops a strong understanding of the basic fundamentals of building and mechanical principles while engaging students by providing the resources to design, build and program their creations. The combination of E.A.R.L.Y. and EV3 can help develop creativity, critical thinking, collaboration and communication.

Students build robots and realistic motorized models from LEGO® kits in a team-building atmosphere. Teams select pilots to operate the robot motors using basic on/off switches and manipulate through given obstacles and challenges to help complete missions. The EV3 system is a compact and powerful programmable computer that makes it possible to control motors and collect sensor feedback using the intuitive icon-based programming and data logging software.

Programming is done by dragging and dropping icons into a line to form commands allowing students to build simple programs, and then easily and intuitively build on their skills until they are developing complex algorithms.

Students with previous Robotiks experience will have the opportunity to be challenged with curriculum designed to take strategies to the next level. Minimum of 6 students for class to make as scheduled. Early (no pun intended) registration is suggested. E.A.R.L.Y. Robotics meets EV3 is designed as a semester long workshop.

Thursday MORNINGS 10:00am-Noon

Dates

9/9-12/16* [ENROLL](#)

*** No classes 10/7, 10/28 and 11/25**

Soccer Shots 2-5 year-olds

Soccer Shots is an engaging children's soccer program with a focus on character development. Our caring team positively impacts children's lives on and off the field through best-in-class coaching, curriculum and communication.

Our coaches are the best-trained in the business

Expert-approved curriculum that aligns with early childhood education standards

An exceptional customer experience with ongoing communication

Our weekly 30-40 minute sessions include:

- Basic soccer skills
- Character-building lessons
- Coordination, balance and agility development
- Exclusive Soccer Shots games
- Weekly and seasonal prizes

SOCCER ON-SITE!

FALL 2021 SEASON INFO:

Where: Onsite at The Woodlands Children's Museum

When: Weekly on Mondays @ 9:00am (age 2) & 9:30am (ages 3-5)

Dates: 14-Week Fall Season: August 30-December 13
(No Classes: 9/6, 11/22)

Ages: 2-5

Cost: 14-Week Fall Season: \$217
\$25 registration fee charged one time per calendar year

Includes: Soccer Shots Umbro Jersey & end of season prize!

[Enroll at soccershots.org/woodlands](https://soccershots.org/woodlands)

QUESTIONS? 832-370-1220 | woodlands@soccershots.org
soccershots.org/woodlands

Our curriculum aligns with Texas Early Learning Guidelines

FREQUENTLY ASKED QUESTIONS

Q: Is the museum a non-profit organization?

Yes! The Woodlands Children's Museum is a registered 501(c)3 non-profit organization. Donations are tax deductible to the extent allowed by law.

Q: How do you accommodate my child's needs?

In order for us to be able to help your child have an enjoyable experience with us, we ask that you notify us at the time of registration of any allergies, accessibility concerns, behavioral, psychological, emotional conditions or other special needs. The Museum reserves the right to determine the compatibility of your child's needs within the program. The Museum is NOT responsible for administering medication to children. Please consult your pediatrician about altering the child's dosage so that medication can be administered outside of our program.

Q: How are children supervised?

Parents or guardians are required to physically bring their child(ren) into the Museum's atrium. Children are supervised at all times and escorted on bathroom breaks.

The Woodlands Children's Museum reserves the right to determine, at our discretion, that a child can be withdrawn from a workshop or request that he/she be accompanied by an adult if the program deems this to be warranted. There will be no refund in the event of our request that a child be withdrawn for disciplinary reasons.

Q: May parents stay in the classroom?

Our programs promote independent learning and socialization. If you feel that your child is unable to remain in class without you for more than a few minutes, we suggest waiting a year before sending him/her to our workshops. Parents are required to sign out their child(ren) at the end of class.

Q: Who can I contact during the day if I need to leave a message concerning my child?

Please call The Woodlands Children's Museum at 281-465-0955, and a staff person will deliver your message or you can e-mail our Educational Coordinator, at workshops@woodlandschildrensmuseum.org.

Q: How should my child dress for the classes?

The best choice is comfortable clothes that may get messy, closed-toe shoes and a sweater, as the classrooms can get cool. Please do not allow your child to wear shoes with rollers.

Registration

One registration form per child. Registration forms with incomplete or inaccurate information cannot be processed. Always select an alternate class in the event your first choice is not available. Fax registration forms to 281-465-0956 or email us at workshops@woodlandschildrensmuseum.org

Cancellations, Exchanges and Refunds

Each registration with payment is considered a confirmed registration.

Registrations are **NOT** transferable from one child to another.

Please be advised that The Woodlands Children's Museum reserves the right to cancel classes in the event our classes do not meet a minimum enrollment. Patrons will receive a full refund. We appreciate your understanding.

Patrons who desire or need to cancel a registration will receive a **50% refund** of the cost if notification is received at least 5 working days before class begins. Call or email us at workshops@woodlandschildrensmuseum.org

There are **no refunds** for registrations cancelled less than 5 working days before class begins.

Questions and Concerns

Contact us at 281-465-0955 Monday through Friday from 9:00am to 4:00pm or email us at workshops@woodlandschildrensmuseum.org
